# FURTHER INFORMATION

**Approach:** I specialise in reportage photography blended with contemporary portraiture, capturing the special moments from your day in an unobtrusive style. You can concentrate on having a wonderful day and rely on me to record your memories.

Every wedding is different and I strive for images that reflect this, recording the uniqueness of your day. Not by relying on posed shots that make every wedding look the same; instead I seek out those fleeting moments that you'll treasure.

**Album/Book Options:** My album and book options are luxuriously hand bound with superb reproduction quality and vibrant colours. Albums are personally designed from a selection of photographs chosen by you – a PDF preview is provided for your approval before printing.

**Contract:** There's a simple contract to sign when booking, which sets out the full extent of each package. Receipt of your signed contract and booking fee of £100 secures your date. The booking fee is deducted from the balance of each package.

**Formal posed groups/couple shots:** At your request I can take formal group and individual posed photographs – you choose which groups you'd like. I recommend keeping the number of formal groups to 10 or less, otherwise this can be overly time consuming for your guests. For 10 posed group photographs allow 30 to 40 minutes during the day.

**What happens if it rains?** I'm based in South Scotland and rain is quite common, so I'm accustomed to working with the elements. I try to identify an indoor location where photographs can be taken, and also have a few tricks up my sleeve for beating the rain.

**Finding out more:** To find out more, please get in touch by email or telephone. I like to arrange a personal one-to-one consultation with all couples prior to your wedding date to hear your plans and discuss your photographs.
